To whom it may concern,

My name is Tim Green and as an avid Rubicon Trail user, over 25 years and property owner local to the trail I strongly disapprove of any reallocation of SMUD funds for any other use than Rubicon. Rubicon falls squarely within the scope of the FERC project, funding and monies should remain directly connected to it as such. The Rubicon and its community have strongly displayed the commerce generated to El Dorado County and show a strong historical connection to this important funding. I thank you in advance for your consideration and know you will continue to support this important asset for not only the people but also El Dorado County.

Thanks again,  
Tim Green.

Greetings and salutations. As an active and avid OHV participant I am concerned about the reallocation of SMUD funds away from the Rubicon Trail. I'd like to politely, but adamantly express my disapproval of any reallocation of SMUD funds for any other use, than the Rubicon Trail. I hope you will continue to support this Crown Jewel and protect the commerce that it brings to the area.

My name is George DeMay and as an avid Rubicon trail supporter I adamantly disapprove of any reallocation of SMUD funds for any other use other than the Rubicon.  
The Rubicon has a rich and warranted history and need for these funds and should continue for years to come to support the Crown Jewell Trail of the El Dorado County and protect the commerce it provides.

Thank you,

To whom it may concern,

My name is Chris Cowan and I am a user of the famous Rubicon Trail. I adamantly disapprove of any reallocation of SUMD Grant funds for anything other than the Rubicon Trail.

The Rubicon Trail is a famous trail with great history to El Dorado and Placer County. Please look at the impact report that El Dorado County has put together to show the impact of the Rubicon Trail and you will see that the SMUD funding should all go to the Rubicon Trail.

Please contact me should you have any questions or concerns.

Sincerely,

Chris Cowan
