Good morning,

I hope everyone had a nice holiday!

As a follow-up to the December 17 Vineyards hearing, our team would like to request a continuance from the January 14 date. First and foremost, our CEQA consultant and traffic engineer will not be available but secondly, I would like more time to connect with not only the Sterlingshire neighborhood but those 3 folks that spoke at the hearing. Would February 11 or February 25 dates work for the Board?

Additionally, I would like to schedule a meeting with planning and County Counsel's office to discuss the materials brought to light during the hearing. Would Wednesday, January 8 work for everyone?

Thank you,  
Michelle
