

FINDINGS

Tentative Subdivision Map Time Extension TM-E19-0001/Bass Lake North Planning Commission/May 14, 2020

1.0 CEQA FINDINGS

- 1.1 The Bass Lake North Phased Tentative Subdivision Map is a residential project that was contemplated and analyzed in the Bass Lake Road Study Area (BLRSA) Final Program EIR (PEIR) (State Clearing House No. 1990020375) and subsequent Addenda. The proposed time extension would allow the continued residential development of the village consistent with the Specific Plan. The time extension does not make any changes to the original tentative map approval, does not involve new significant environmental effects, and does not increase the severity of previously identified significant effects. No new information that was not known and could not have been known at the time the EIR was certified has since become available. Therefore, this tentative map time extension application is consistent with and is hereby exempt from CEQA in accordance with Section 15182 of the CEQA Guidelines (Residential Projects Pursuant to a Specific Plan). No further environmental analysis is necessary.
- 1.2 The documents and other materials which constitute the record of proceedings upon which this decision is based are in the custody of the Planning and Building Department at 2850 Fairlane Court, Placerville, CA, 95667.

2.0 TENTATIVE SUBDIVISION MAP TIME EXTENSION FINDINGS

- 2.1 **The request for extension of the approved tentative subdivision map complies with County Subdivision Ordinance Section 120.74.030.A.**

Section 120.74.030.A allows the subdivider to request up to six one-year extensions from the expiration date of an approved or conditionally approved tentative map, as allowed by Government Code Sections 66452.6(e) and 66463.5, by timely written application to the Planning and Building Department. The subdivider may request more than one time extension at a time, up to the maximum allowed by this subsection or a development agreement applicable to the map for which the extension request is filed, but in no event shall the total time extension requested exceed six years. Each application shall be filed before the approved or conditionally approved tentative map expires and shall state the reasons for requesting the extension.

Rationale: The applicant submitted a request for six one-year time extensions and appropriate processing fees on August 13, 2019, prior to the expiration date of the tentative subdivision map of February 28, 2020. The extension request would allow the applicant the time needed to market the project, facilitate project financing, pursue the necessary construction permits for the construction of the necessary on-site and off-site infrastructure improvements, and comply with all other applicable conditions of approval and standards of the Bass Lake Hills Specific Plan

2.2 **The request for extension of the approved tentative subdivision map complies with County Subdivision Ordinance Section 120.74.030.B.**

Section 120.74.030.B. requires that the Planning and Building Department review the request and submit the application for the extension, together with a report, to the approving authority for approval, conditional approval, or denial. In approving, conditionally approving, or denying the request for extension, the approving authority shall make findings supporting its decision.

Rationale: The Planning and Building Department has reviewed the time extension request for Tentative Subdivision Map TM14-1522 for the approved Bass Lake North Phased Tentative Subdivision Map, along with all submitted materials and has submitted this staff report with recommendations for approval based on the Findings provided in compliance with Section 120.74.030B.
