Exhibit D
Additional Provisions

1. Overview:

The California Department of Public Health (CDPH), Division of Communicable Disease Control (DCDC) sets forth the following standards and procedures. These standards and procedures specify the conditions for receipt of CDPH Infectious Disease Prevention and Control (IDCP) local infrastructure funds.

The California Budget Act of 2019 requires the department to allocate funds to local health jurisdictions (LHJs) and tribal communities for the prevention and control of infectious diseases. The funding allocation methodology was developed in consultation with the County Health Executives Association of California, California Conference of Local Health Officers, community-based organizations, and other stakeholders. As also required by the Budget Act of 2019, the funding formula is based on factors that include disease burden, population impact, and geographical area; and it also allocates the funds in a manner that balances the need to spread funding to as many LHJs as possible and the need to provide meaningful services. These funds are for the prevention and control of infectious disease and funds provided shall not supplant existing services at the local level. The Budget Act of 2019 also requires these funds to be distributed in a lump-sum amount in the 2019-20 fiscal year.

2. Grantee's Responsibilities:

The Grantee agrees to:

- A. Direct activities toward achieving the program objectives set forth by the CDPH DCDC.
- B. Use these funds in accordance with any additional guidance set forth by the CDPH DCDC regarding the granting, use and reimbursement of the DCDC local assistance funds. Additional consideration should be given to other guidance from the CDPH and Centers for Disease Control and Prevention (CDC) intended to highlight successful communicable diseases prevention and response strategies or outline California specific initiatives, policies, and procedures.
- C. Use these funds to augment existing funds and not supplant funds that have been locally appropriated for the same purposes. Local assistance funds are intended to provide local entities with increased capabilities to address infectious disease control needs. Supplanting of funds is defined (for the purposes of this agreement) as using local assistance award monies to "replace" or "take the place of" existing local funding. For example, reductions in local funds cannot be offset by the use of CDPH dollars for the same purpose.
- D. Abide by the most recent standards of care for screening, treatment, control, and prevention as promulgated by:

All Grantees will close out all cases of communicable diseases and enter final case information in the California Reportable Disease Information Exchange (CalREDIE) or in an electronic format approved by CDPH, by the close out deadline requested by CDPH. This will enable timely reporting to the CDC as well as timely completion of CDPH reports on communicable disease incidence.

Unless an alternative data submission mode has been approved by CDPH, all Grantees, must enter case report data directly into CalREDIE. Data must be entered into the appropriate tabs and forms in CalREDIE. Submission of hard copy forms for data entry into CalREDIE by CDPH or scanning of case reports, laboratory results, or interview records into the electronic filing cabinet (EFC), will not be accepted in place of data entry. Grantees not entering data into CalREDIE must provide an electronic dataset in a format approved by CDPH. The CDPH CalREDIE website has

- I. CDPH may, at its discretion, require the Grantee to cease performance of certain components of the Scope of Work as designated by CDPH and complete performance of other components prior to the termination date of the Grant.

5. Avoidance of Conflicts of Interest by Grantee

- A. CDPH intends to avoid any real or apparent conflict of interest on the part of the Grantee, subgrants, or employees, officers and directors of the Grantee or subgrants. Thus, CDPH reserves the right to determine, at its sole discretion, whether any information, assertion or claim received from any source indicates the existence of a real or apparent conflict of interest; and, if a conflict is found to exist, to require the Grantee to submit additional information or a plan for resolving the conflict, subject to CDPH review and prior approval.

 - 2) An instance where the Grantee's or any subgrant's employees, officers, or directors use their positions for purposes that are, or give the appearance of being, motivated by a desire for private gain for themselves or others, such as those with whom they have family, business or other ties.
- C. If CDPH is or becomes aware of a known or suspected conflict of interest, the Grantee will be given an opportunity to submit additional information or to resolve the conflict. A Grantee with a suspected conflict of interest will have five (5) working days from the date of notification of the conflict by CDPH to provide complete information regarding the suspected conflict. If a conflict of interest is determined to exist by CDPH and cannot be resolved to the satisfaction of CDPH, the conflict will be grounds for terminating the grant. CDPH may, at its discretion upon receipt of a written request from the Grantee, authorize an extension of the timeline indicated herein.

6. Dispute Resolution Process

- A. A Grantee grievance exists whenever there is a dispute arising from CDPH's action in the administration of an agreement. If there is a dispute or grievance between the Grantee and CDPH, the Grantee must seek resolution using the procedure outlined below.
