Re: proposed El Dorado Disposal rate increase

Supervisors:

Please vote no on the proposed El Dorado Disposal rate increase. In no way should the project coming in over budget be the responsibility of the ED customers (your constituents). ED should be held accountable to the agreement that was previously made.

During an economic crisis caused by the gross over reaction to Covid19 is certainly not the time to approve any increase in household expenses. A vote for the rate increase would be considered a vote against your constituents. It is your duty and moral obligation to vote in a way that benefits your constituents, not the billion dollar company that provides service.

Sincerely,

Tracy Doyle
