To Whom it may Concern,

Why is it when the people of this community use their voice to say what they want someone always comes in and tries to do the opposite?

I'll tell you why, MONEY.

The people of EDH of voiced their want of not developing the golf course. But along comes Joe Harn along with Parker development and all the money to try and change that.

People of EDH say no to Joe Harn and Parker Development.

We also say no to allowing persons to trample Bass Lake. Leave our beautiful country side alone.

Enough is Enough.....Voter and Resident
