Lori,

Per my 9/4 conversation with Kyra, I presume that Trish Sweeney is still moonlighting for PRC and she responsible for posting the PRC audio/videos and the agendas 72 hours in advance as required by the Brown Act. You are aware that Don Ashton has unlawfully blocked my ability to communicate electronically with most staff. Therefore the responsibility falls on you to ensure this message is responded to, properly conveyed, and publicly distributed via Legistar and posted to the 9/17 PRC agenda in a timely manner.

When I checked the calendar yesterday morning to see if the 8/20 PRC video had been posted, it was still missing from the calendar. In fact, I checked and the 9/17 PRC agenda had not been posted either, however the below notification ***falsely*** claims it was posted on 9/11. Do the math – 9/15 @ 9:08 AM until 9/17 @ 3:00 PM is ***less than 72 hours as required by law***. This is the same problem I brought to your attention last month, but you did not respond to any of my inquiries ***as required by law***. **This meeting should NOT take place as it is outside of the law!**

Then there is the problem of the erroneous 6/18 and 8/20 minutes which are a total mess!:

CONSENT CALENDAR

1. 20-0902 Chief Administrative Office, Parks Division, recommending the Commission approve the meeting minutes from the Parks and Recreation Commission meeting of June 18, 2020. (Continued from 8/20/2020).
2. 20-1226 Chief Administrative Office, Parks Division recommending the Commission approve the minutes from August 20, 2020 Parks and Recreation Commission meeting.

FUNDING:

The 6/18 minutes contain my 8/20 public comments, plus other items mixed in that I did ***not*** submit. What happened to my 6/18 public comments??? However my public comments were ***not*** included in ***any*** of the 8/20 PRC agenda items. Where are they??? Furthermore, the Kris Payne walked out of the room again while I was speaking and the meeting was a fraudulent circus act. The article that appeared in the Mtn. Democrat was based on fraudulent information:

ADOPTION OF THE AGENDA AND APPROVAL OF CONSENT CALENDAR*Public Comment: M. Lane*

I again requesting you to answer the following specific questions that you and Vickie Sanders have avoided:

Edcgov.us Mail - FW: Please respond AND publicly distribute via Legistar AND post to the 9/17/20 PRC meeting agenda Items #1, #2 an...

- 1) The draft minutes of the 6/18/20 PRC meeting do not contain my public comments and the un rebutted notification of legal responsibility addressed to Kris Payne which was submitted into the public record under Open Forum. This is information the public has a right to know, therefore the draft minutes cannot be approved as posted. **Why were they removed, and under whose direction?**
- 2) Did Vickie and the Commissioners actually **receive and read** my August 18th email and the follow up email this morning regarding failure to comply with the Brown Act 72-hour notification requirements, and if so, **who specifically authorized this meeting to proceed outside of the law?**
- 3) **Who specifically prevented that notification from being publicly distributed and posted via Legistar as I requested?**
- 4) Lastly, Kris Payne was supposed to be removed from the PRC for violating his Principal Agent Oaths of Office. **So why is he still Chairman?**

Lastly, item #6 of the 9/17 pertain to the missing 8/20 PRC Zoom video. Why has this audio/video not yet been posted as required by law???

As I said before, the public is entitled to honest services. You are reminded *U.S. v. Tweel*, 550 F. 2d. 297 - "Silence can only be equated with **fraud** where there is a legal or moral duty to speak or where an inquiry left unanswered would be intentionally misleading." Please personally respond to ALL the above inquiries in a timely manner.

9-1-20 BOS 29 Parks Rec Projects Update.docx

19K

It was Abraham Lincoln who said, *"Nearly all men can stand adversity, but if you want to test a man's character, give him power."* With that being said, I'd like to address the EDC Core Value of **Integrity** as it pertains to this agenda item: *"Doing what is right legally and morally at all times regardless of whether or not someone is watching."*

Be assured, we are watching. Despite the correspondence you all received from me notifying you of the lack of 72-hour notice required by the Brown Act, the August 20th PRC meeting proceeded outside of the law anyway. There were only two items on the agenda: Approval of the minutes, and the P&R projects update by Vickie Sanders, but as you learned last week, the meeting became a chaotic 4-ring circus that ran nearly an hour overtime under the direction of Chairman Kris Payne.

The First Amendment guarantees the Right of free speech and the Right to petition government for **redress of grievances**, which the oath taker, pursuant to his oath, is mandated to uphold. If he fails this requirement, then he has violated two provisions of the First Amendment, the Public Trust and perjured his oath. Vickie refused to respond to my specific questions which serve as **petitions for redress of grievances**, and Kris supported her silence by echoing an often repeated government LIE that they aren't supposed to respond to public inquiries. As you heard before in *U.S. v. Tweel*, *"Silence can only be equated with fraud where there is a legal or moral duty to speak or where an inquiry left unanswered would be intentionally misleading."*

Trish Sweeney from Assemblyman Frank Bigelow's office was apparently moonlighting by facilitating the illegitimate meeting. Wayne Lowery claimed he didn't know that Trish was related to Jack Sweeney, which is another LIE because each of the Commissioners received a copy of the Bigelow affidavit containing the facts surrounding Jack and Trish's involvement in the **Chili Bar lawsuit and other land acquisitions by the American River Conservancy and State Parks** using tax payer funded resources. You should also be aware by now that Mr. Lowery and Julia McIver have a conflict of interest due their ARC membership which strategically positions them to influence the BOS on behalf of the ultra-liberal American River Conservancy.

During Public Comments Kris once again showed his disrespect when he got up and walked out of the room while I was speaking, and in so doing he demonstrated that the Brown Act Rights of the Public are irrelevant. **(At this point Brian Veerkamp interrupted and falsely claimed my remarks were not relevant to the agenda item. Since they were indeed relevant, I continued.)** Brian Veerkamp was *required by law* to remove Kris from the Commission months ago for intentional fraud and violation of his Principal Agent Oaths of Office, but Brian LIED in order to keep his puppet in place.

Let's be frank here. Awareness of Agenda 21 and Sustainable Development is racing across the nation as people are learning what their local officials are actually up to. The expansion of the Parks & Trails Master Plan along the American River corridor is a

conversation we've had many times before with State Parks, county staff, and state legislators since it affects safety and private property rights of residents. As awareness grows, people complain that elected officials just won't listen, read detailed reports, or watch long videos, and they certainly aren't doing the **right thing**. Of course you aren't going to watch the 3-hour long August 20th PRC video and Vickie Sanders' project update, ***because they still haven't been publicly posted to the calendar as required by law!***

It is evident that the PRC recommendations to the BOS were predetermined & honed by none other than Vickie Sanders with the blessing of Don Ashton and County Counsel. Where is integrity, the transparency, accountability and Good Governance that the BOS hypocritically touts? Should you ignore my warning and move forward with either of Vickie's recommendations, it just proves that you can't be trusted to act pursuant to your Constitutional oaths of office and with ***integrity***.

I have one question for Lori Parlin: Did you receive my correspondence in regard to this agenda item? In light of your response this morning during Open Forum it appears you aren't receiving emails from me. (It was unclear whether Lori affirmed receipt of relevant correspondence for this Parks and Rec agenda item, but she did vote NO while the other supervisors voted to approve the Parks & Trails project recommendations.)
