Healthy Communities Resolution !!!!

Kellie Honcoop <kelliehoncoop@yahoo.com>
To: "edc.cob@edcgov.us" <edc.cob@edcgov.us>

Sun, Nov 29, 2020 at 8:36 PM

To whom it may concern;

This email is to let the EDC Board of Supervisors know that I want local control over Corona Virus Restrictions not from the Governor !!!

I ask the the EDC adopt the Healthy Communities Resolution!!

Thank you ,

Kellie Honcoop

Save our businesses and local economy

To: edc.cob@edcgov.us

Our family has lived in Shingle Springs for over 15 years. We have owned and operated our small business here for over 11 years. We love our county and our neighbors.

We strongly encourage the Board of Supervisors to adopt the Healthy Communities Resolution. We in El Dorado County need to be responsible for our own actions and reactions towards COVID 19 and not be lumped in with the rest of the state. We must not follow Newsom's guidelines. Governor Newsom has unilaterally instilled restrictions that are not only unconstitutional but that are also killing our economy. The "cure" must not be worse than that of the disease.

Restricting restaurants to only outside dining or at lower capacity is literally bankrupting them. If Walmart, Target and Home Depot are allowed to be open, then so should all businesses. These restrictions only on some businesses just DO NOT make sense.

We the People need to be able to make our own decisions about how we are to proceed and how to protect ourselves and our own families. It is not up to big government to dictate whether or not we have the right to make a living. It is our inalienable right to make these decisions for ourselves. Our county is smart enough to see what is best for our local citizens and we need to be allowed to proceed with the Healthy Communities Resolution.

Thank you for your time.

Dear Board,

I urge you to adopt the Healthy Communities Resolution. El Dorado County has had very limited impact from the COVID 19 virus, and as you all know limited deaths. The survival rate is greater than 99%. Meanwhile, record numbers of suicides, domestic violence and substance abuse, depression and stress related diseases are at an all time high. We cannot continue to ignore our youth and our El Dorado County residents. Those that are at high risk can continue to quarantine. The rest of the adults and children of our county need to resume our schooling, work and living. We cannot continue to keep otherwise healthy people locked up for the .03 %.

The residents of this county need to forge ahead in a safe manner, which the Healthy Communities Resolution allows. It is in the best interest of our youth and adults to continue on the path to a healthy future. El Dorado County is losing business and lives associated with the mental health crisis ant a far more alarming rate than it is due to COVID-19.

Sincerely,

Jennifer Spring

El Dorado County Resident

To the Board of Supervisors:

I would like to let you know that I support the Healthy Communities Resolution (agenda item #17) that is up for vote. It is important that our county take control of decisions that affect people in the communities. We can't be compared to other counties since the demographics, behaviors and businesses are different. El Dorado County needs to take action on what's best of its citizens.

Thank you for listening and considering to approve the Healthy Communities Resolution.

Regards,

SoHanna Minami
