Exempt Status:

[ ] CEQA Statute Section 21080.

[X] Categorical Exemption. State type and section number: Sections 15303, 15304 (New Construction or Conversion of Small Structures, Minor Alterations to Land)

[ ] Statutory Exemption. State code number:

Reasons why project is exempt:

Section 15303 (New Construction or Conversion of Small Structures) applies to construction and location of limited numbers of new small facilities or structures, or conversion of small structures from one use to another where only minor modifications are made in the exterior of the structure. Specific examples of new or converted structures under this exemption include but are not limited to a store, motel, office, restaurant or similar structure not involving significant amounts of hazardous substances and not exceeding 2,500 square feet in floor area. Therefore, construction of a small 711 square foot visitor center, a 571 square foot storage building, a 16-space parking area and improved walking trails qualifies for a Section 15303 exemption.

Section 15304 (Minor Alterations to Land) applies to minor alterations in the condition of land, water and vegetation, including minor grading, filling and landscaping. All proposed alterations to land will minor in nature and be located in areas previously disturbed during prior timber harvests, including a previously cleared area for the visitor center site. Cremains will be mixed with local soil to ensure ashes are not visually distinguishable in the mixture and to ensure there would be no adverse environmental impacts, including impacts to water resources or forest health.
