

JJDPC Prevention Committee Meeting
2.12.2021 - Mario, Galina, Peggy

- What is probation doing? What is working?
- Peggy - concerns about the fact that there is no mental health director at the JTC
- The kids all say "I'm just faking it till I make it" —> leads to them coming back to the hall
- Doing a report card to put together how we think they are doing
- Is probation actually doing CFTs - are people following through on the action plan
- On the West Slope, Stanford Youth Solutions really doing
- Getting data from the past year vs past 5 or 10.
 - Who's coming back, why, within what period of time?
 - What is the data collection process?
 - We get our info from probation - we question what the perception of the kids and families.
- Conduct a survey - Peggy did a really quick survey but wasn't as broad - on the issue of whether Prob was following through with SYS - delay in starting services and kids were falling away from services
- If a committee picks a project, need to be clear on what the focus is - what specifically are we looking for.
- Maybe have 2 different surveys - kids and families experience, the other is administration and protocols - CFTs, referral process, follow through, etc.
- Another thing for the committee - identify different service providers in SLT and West slope - what's out there now?
- Defining the idea of prevention - probation officers don't know what's out there

Focus:

1. Data collection
2. Survey with youth and parents - need distance for administrator administering
3. CFTs - as the focus

Next Steps:

1. Create Google Drive for meetings notes for the committee - **Galina**
2. Share ideas/progress at the JJDPC meeting - **Galina**
3. Next meeting - March 5th AM - **Peggy**
4. Start writing the survey - Peggy send her survey to the team - **Peggy**

Added members: Jodi, Hannah, Amy
