**WHEREAS**, child abuse can have long-term psychological, emotional, and physical effects that have lasting consequences for victims of abuse; and

**WHEREAS**, protective factors are conditions that reduce or eliminate risk and promote the social, emotional, and developmental well-being of children; and

**WHEREAS**, communities must make every effort to promote programs and activities that create strong and thriving children and families; and

**WHEREAS**, we acknowledge that we must work together as a community to increase awareness about child abuse and contribute to promote the social and emotional well-being of children and families in a safe, stable, and nurturing environment; and
