Congratulations! The Department of Resources Recycling and Recovery (CalRecycle) approved funding your project on March 3, 2021. The Grant Agreement package consists of the following:

- Grant Agreement Cover Sheet, CalRecycle 110 (sent in a separate email)
- Exhibit A – Terms and Conditions <https://www2.calrecycle.ca.gov/Docs/Web/118290>
- Exhibit B – Procedures and Requirements <https://www2.calrecycle.ca.gov/Docs/Web/118293>
- Exhibit C – Application (attached)

Please carefully review the Grant Agreement package.

**Note:** CalRecycle is using Adobe Sign as an alternative method of signature. This will require an e-signature of the authorized signatory on the Grant Agreement Cover Sheet.

You will soon receive a [subsequent email](#) with the Grant Agreement Cover Sheet. **Instructions** on how to access and digitally sign the Grant Agreement Cover Sheet are attached to this email.

**The PASSWORD to access the Grant Agreement Cover Sheet that will come for signature in the second email mentioned above is "TEA".**

Please complete the grantee portion of the Grant Agreement Cover Sheet. CalRecycle will receive a notification when the e-signature is completed. CalRecycle must receive this notification by **April 15, 2021**.

Your specific award amount is located on the Grant Agreement Cover Sheet. Please review the Payment Address listed on the Grant Agreement – this is where all payments will be sent. If changes to the Payment Address are required, please contact me directly as soon as possible.

The grant award is subject to **three conditions** as stated in the [Request for Approval of Awards for Local Government Waste Tire Enforcement Program](#)

**Condition 1:** CalRecycle must receive notification that the Grant Agreement is electronically signed by **April 15, 2021**.

**Condition 2:** The recommended grantee must pay or bring current all outstanding debts or scheduled payments owed by it to CalRecycle within 60 calendar days of the date of this letter.

**If either of these conditions are not met**, then the proposed grantee will not have fulfilled the required conditions, and **the award will be void**.

**Condition 3:** Funding Availability - As stated in the Request for Approval, this grant agreement is dependent on funding availability. If monies are not available, **the award will be void**.

The Grant Agreement Cover Sheet must be electronically signed by the authorized signatory identified in your Resolution. If the Resolution authorizes a Designee and the Signature Authority would like to designate another individual to sign on his or her behalf, the authorized signatory must provide a Letter of Designation identifying the job title of the Designee.

**Note:** This email is being sent to all contacts associated with this grant. It is the Primary Contact's responsibility to coordinate the completion and submittal of the Grant Agreement.

Please retain all Grant Agreement package documents, which include Exhibits A through C for your records. You will return **only** the Grant Agreement form via Adobe Sign with an electronic signature when that email arrives.

Upon execution of the Grant Agreement by both parties, CalRecycle will return a copy of the executed Grant Agreement Cover Sheet. Any work performed or costs incurred prior to the start of the Grant Term **will not be eligible for reimbursement**.

**Grant Administration Training Webinar**

A grant administration training will be held on June 30, 2021 and it is required that anyone who will be paid for administration in TEA28 attend the full webinar. Staff time for this webinar may be charged to TEA28. A number of significant changes to grant administration are being instituted in TEA28 and every grantee will benefit from attending the webinar. A separate email with a Zoom invitation will be sent to all contacts in May. In the meantime, please **save the date** to your calendar, June 30, 2021 from 9:30 – 11:00 a.m.

If you have any questions regarding the Grant Agreement package, please contact me at (916) 916-341-6108 or [Yolanda.Park@CalRecycle.ca.gov](mailto:Yolanda.Park@CalRecycle.ca.gov).

CalRecycle appreciates your participation in this grant program.

Sincerely,

Yolanda Park

Greg,

It looks like we can e-sign to accept this grant. However, we usually need to take these items to the board for approval before we "accept" the grant and wait for the "notice to proceed (NTP)". CalRecycle usually gives us 60+ days on this, but they've given us about 30 days this time. This is pretty tough to squeeze into a board meeting. How do you want to proceed?

Tim
