BOS.. Time for you all to resign. We the people along with our law enforcement from what I understand, will not be following any [REDACTED] orders on masks (or anything else).

Breathing one's own waste gases ie CO2 causes Alkilosis or acidification of the blood. A cascade of trouble follows including passing -out. No one is taking orders or following orders from any of you.

Since the beginning of the "LIVE Exercise" (plandemic), as described by Secretary of State Mike Pompeo in week 2, you have throw the county and our cities into a criminal takedown based on pronouncements and orders by the State and others who don't run our lives.

You crushed people's lives while you collected your paychecks. You all must resign immediately. You should hang your heads in shame. Linda Witters
