Dear COB,

IDEA to facilitate Public participation in these "troubling times"...

DATE 6/30/20

It occurred to me when I received this one to suggest that the ZOOM/Phone links and ACCESS numbers should be on EVERY E-mail alert and update for a particular meeting. The info has to be dug-up on the morning of the hearing and is frustrating for us techno challenged folks. IF this info was on every update, you only need to go to the latest e-mail to get access to the meeting without lots of searching and frustration.

I think this would help with a simple cut and paste addition or template process.

Does this make sense??? Can I say it another way?

Thank you,

Ken Greenwood
