RE: Rescind Covid-19 Orders Immediately

We request that you immediately follow Placer County's lead and vote to rescind the Emergency Orders in effect as a result of the Covid-19 Pandemic. Governor Newsom has independently issued an unprecedented number of executive orders that are not based on scientific evidence or fact. We hold the board responsible for choosing to enforce these orders in El Dorado County which have resulted in an economic, educational and social crisis.

County Clerk,

Placer Co. Board of Supervisors voted to rescind the Emergency Order in effect as a result of the pandemic. As a resident and household of 2 voters we request that our county officials rescind the Emergency Order in El Dorado County immediately.

Residents in this county want businesses and schools to reopen immediately, we've had enough of being held hostage by our State officials.

Dear Board of Supervisors-

As a Business Owner and member of the community in El Dorado County, I am requesting that the Board of Supervisors immediately lift the Emergency Order in place. This causes great distress for our employees, clients and community at large. This order is fear based, debilitating and is causing great economic, emotional, physical and mental distress to our community.

What steps need to be taken to formally file a grievance with the County?

Respectfully,

Laurie Vaqueiro
