**WHEREAS**, SACOG has solicited its member local governments to nominate Green Zones that are 1) within infill areas, defined by the 2020 MTP/SCE Community type map as Center and Corridor communities or Established Communities; 2) within areas planned for growth or being considered for increased growth through current local planning work; and; 3) supported by local policies and actions that support increased development or redevelopment in the area; and

**WHEREAS**, SACOG acknowledges that Green Zones are areas where new growth is planned or being planned, and encourages, where applicable, outreach in disadvantaged communities, proactive anti-displacement policies, and mitigation strategies in an attempt to reduce gentrification and displacement within Green Zones as they grow and transform; and
