To: BOS Three <bosthree@edcgov.us>, County of El Dorado Clerk of the Board <edc.cob@edcgov.us>

Clerk of the Board: would you bring this to the attention of the CAO, for education purposes in El Dorado County?

Ms. Thomas: I learned tonight, from a fellow veteran, that FEMA has a burial expense assistance program for persons who pass away from COVID-19, for deaths that occurred after January 20, 2020. Though our County may have few deaths in relation to other impacted communities, I feel it's important that our residents are aware of this information and can be guided in helping obtain those benefits from our County's Health Department, among others.
