Good evening,

I would like the following to be submitted as public comment during the next Covid-19 update provided to the Board of Supervisors.

Nancy Williams' comment that "sometimes we have to infringe on some people's rights in order to protect the majority of people's rights" was very unconstitutional. California Public Health officers take an oath to "respect individual rights while promoting public health." Her comments go against the oath she took as well as the CA constitution. As a citizen of El Dorado County I am asking for the removal of her as a public health officer or from advising on how to handle Covid-19 in our county. She is not fit to uphold the constitution and her oath as a CPHO thus, she is not fit to serve the public.

Sincerely,
Kandice Hanes
