Honorable Board of Supervisors,

My name is Genine Coleman, I am the Executive Director of Origins Council, a statewide cannabis advocacy nonprofit

4-12-2021 Public Comment Kilzer Page 1 of 2

organization devoted to sustainable economic development for historic rural cannabis producing regions within California.
www.originscouncil.org

Our organization formed in 2019 in response to the urgent need for a statewide advocacy voice to represent the legacy cannabis producing regions of California and the small independent cannabis businesses that populate these regions.

Our organization represents 500 members in 5 rural Counties, the vast majority of which are licensed small scale legacy homestead farmers.

We are writing to express our support for these two cannabis projects before you today, and respectfully request your support to move these projects forward.

Our organization advocates for pathways to licensure and regulation for small business and legacy producers. We believe this is the key to both combatting illicit cultivation in rural California as well as building for viable California engagement in an interstate, National and international regulated cannabis market.

We would also like to take this opportunity to thank the El Dorado County Growers Alliance for their vigilant efforts to bring greater awareness to the broader industry regarding the state of cannabis licensing in El Dorado County.

Thank you for your consideration.

Sincerely,
Genine Coleman
