Subject: DR21-0003/Mercy haven apartments
To: <planning@edcgov.us>

I'm writing you in regards to this apartment project Mercy housing being planned in our community. I think this is the wrong area to develop a 65 unit apartment complex especially if you do not fix the infrastructure here first. Pleasant valley rd is a nightmare to get through during school hours because it's only a 2 lane road which is ridiculous with all the traffic that comes through here. We have two schools off of pleasant valley rd within a mile of each other. If we ever have a fire in this area no one will be able to get out of this area safely with the roads the way they are. I feel you are endangering all of us that live in this area by not fixing our infrastructure and putting more people in adding to the already congested area. This area will become another Paradise waiting to happen. I think it's very irresponsible for the planning commission to even think of doing this without the proper infrastructure first. Money is not everything there are lives that are going to be affected.

Sincerely
Geri Hill
