Parks and Trails Master Plan Planning Questions

Question #1: What is one part of the 2012 Parks and Trails Master Plan that you think is valuable?
Why do you see this as a valuable part of the plan?

Answer: The Table of Contents...the Planning Coordination and the Figures

Question #2: What is one thing you wish the plan included, and what purpose do you think it would serve?

Answer: Specifics of each project/site would be helpful for those that want to know more about what is happening at each site.

I also think an approximate timeline for project completion is beneficial in helping those that are doing the planning are in a better position to keep their participants in the know.

Question #3: Which groups are you a part of or aware of that have an interest in parks or would want to be involved in this process?

Answer: Specifically, in the community of Pollock Pines, the Rotary Club, the schools, the fire safe councils (3), other service organizations such as bike clubs, and individual residents want a playground for our youth. Older citizens also want a natural outdoor area for their recreational and physical health needs/desires.
