First Name Marc		Last Name Regelbrugge	
Daytime Telephone		Residential City EL DORADO	Residential ZIP Code 95623
Occupation/Title Aeronautical Engineer		Mobile Telephone (no value entered)	
Employer Raytheon Technologies			
List all County boards, commissions or committees to which you are/were appointed. Please include dates of service. Secretary, Golden West Community Services District, 2015-2016 Director, Golden West Community Services District, elected for term 12/2020-12/2024			
Summary of qualifications M.I.T. educated aeronautical engineer with 40 years' experience in the aerospace industry. Private Pilot (Airplane, Single Engine, Land), active since June, 2004. Associate Fellow, American Institute of Aeronautics and Astronautics. Member, Aircraft Owners and Pilots Association, 2004-present. Member, Experimental Aircraft Association (EAA), 2006-present. Aircraft owner since 2006. Placerville SP hangar owner since 2010. Owned aircraft based at Placerville Airport (PVF) since 2012.			
Affiliations with professional and/or community groups Prior Board Member, Logtown Fire Safe Council, El Dorado, CA. Associate Fellow and Lifetime Member, American Institute of Aeronautics and Astronautics. Member, Aircraft Owners and Pilots Association, 2004-present. Member, Experimental Aircraft Association (EAA), 2006-present. Aircraft owner since 2006.			
Why do you seek appointment? I am motivated to ensure the viability of El Dorado County's airports for future generations. El Dorado County, and the regions of the foothills, Sierra Nevada mountains (including Lake Tahoe), Central Valley and Pacific Coast provide beautiful examples of nature's wondrous diversity, and are accessible by general aviation within an hour, or so, of flight from our County's airports. As such, we offer the flying public a well-situated locus from which to explore and appreciate the dramatic topography and disparate environments of our unique State. We need to maintain and enhance our airports' position on the State's map to attract the traffic and tenants that will increase County revenues from airport operations. I am also impressed with the number and variety of airplane homebuilders/restorers at work in Placerville. These folks breathe the wonder of flight as they toil for months/years to perfect their creations. Can we motivate these local, high-tech ambassadors to offer the benefits of their experiences and insights to the County's schoolchildren, as a means of STEM-educating the latter as to the values of work, planning, knowledge and technique? Airports are a critical infrastructure for commerce, education and quality of life. My view is that we can enhance all of these benefits to our County by working to preserve and enhance the quality of services provided to our airports' users, and by ensuring the long-term viability and condition of these critical facilities. That task is the one I wish to pursue as a member of the Airports Advisory Committee.
