To Board of Supervisors-

My name is Nick Nilsen. My wife daughter and I live in Cameron Park and I have been closely tied to the community since 1989.

I am writing in to demonstrate my support for pursuing and continuing to explore the "HOSTESS" project proposed by the Sheriff, item 32 on the Board agenda.

I'm writing and requesting/demanding as a tax paying involved voter and member of our community that the Sheriff needs to be given the time to fully explore and formulate his proposal and work towards resolving any barriers that were presented during this time. The Caldor fire crisis may have slowed his efforts but our resolve is firm and now that the fire is "contained" we can expect progress. He has been working tirelessly to help rebuild and repopulate our county and not taking recent tragedies into consideration would be a slap in the face.

I support the Sheriff's proposal and concept and would like the Board to vote to continue to allow the Sheriff to pursue this creative, bold option for our County. We, and he deserve to see this plan executed.

Thank you for your time.

Nick Nilsen

To Whom It May Concern,

As a citizen of El Dorado County, I am profoundly concerned about our sheriff's proposal to create a homeless encampment for homeless citizens. It puts at risk \$5.6 million dollars in funding to address homelessness in El Dorado County. The program and plan as presented by Sheriff D'Agostini criminalizes homelessness -- which does nothing to end homelessness for those experiencing it but instead gives them more barriers to obtaining housing and a functional place in society. We should be focusing on programs that are consistent with federal, state and county laws, are proven to REDUCE VS. CRIMINALIZE homelessness and support the humanity of our citizens. I urge you not to support the sheriff's proposal and to continue to support programs like COC that have proven to be effective in our community.

Sincerely,

Robin Barnes

To Board of Supervisors:

I am writing to voice my support for pursuing and continuing to explore the "HOSTESS" project proposed by the Sheriff, item 32 on the Board agenda. I am unable to attend the meeting due to a prior commitment.

Since the initial proposal was submitted and unanimously supported by the Board, our County experienced a wildfire crisis where the Sheriff and his team dedicated their time, energy, and resources both on and off duty to supporting our community.

It's my opinion that the Sheriff needs additional time to fully explore and formulate his proposal and work towards resolving any barriers that were presented during this time.

In summary, I support the Sheriff's proposal and concept and would like the Board to vote to continue to allow the Sheriff to pursue this creative, bold option for our County.

Thank you for your time.
