## Event/Project Description

1. Describe the purpose of the event/project/organization for which funds are being requested.

- The funds would be used to repair and add lights to the Holiday Tree in Meyers and to give lights to all the businesses in the community corridor to put up on their buildings. The lights would be "warm white". the same as the Tree to create continuity thru the Meyers "main street". We turn the lights on the tree starting the first Friday of the month of December every year which is the night of our annual Tree Lighting event. The lights on the tree are left on the entire winter welcoming people to the Tahoe Basin and put smiles on peoples faces as the drive thru the Meyers Community. The Tree has always been a focal point in representing our community and enjoyed by thousands every year.

2. How will the event/project support or produce a public benefit to El Dorado County?

- The Caldor Fire hit the Meyers Community hard and we are starting to heal. The Meyers businesses were also hit hard financially during the smoke and the evacuation. Offering the lights to all the business will help us to bring the community together visually but it goes deeper than that...symbolically....we are strong and we stand together!
