**ITEMS TO/FROM SUPERVISORS**

Supervisor Mikulaco reported that he went down and voted as directed at the meeting of the Sacramento Placerville Transportation Corridor Joint Powers Authority Oversight Committee. There was a piece of information that came out that he felt was important to share. One of the programs they are doing is spraying along the Corridor to keep the weeds down because it is a safety issue. The Agricultural Commission asked that one of the agents not be included in El Dorado County and Supervisor Mikulaco agreed with this.

Supervisor Veerkamp wanted to make sure everyone knew there was a meeting at El Dorado Irrigation District tonight at 6:00 p.m. to discuss the drought, water conservation measures and the potential of a 15% surcharge on water usage. He would like to adjourn tonight's meeting in honor of Skip Kelly. Skip Kelly was a partner with Carter Kelly, who passed away last week. He was a great community member, good person, and did a lot of work for the school district.

Supervisor Briggs spoke of working and developing the Child Protective Unit in this County that brings in all the users and people who work with Child Protective Services, such as, the District Attorney, Probation, Mental Health, Public Health, Social Workers, etc. They had their third meeting last week. It is a small group of about eight or nine people. It is designed to be that way, so people have the opportunity to have discussions. There have been some unfortunate incidents in the County recently regarding minor sex trafficking. There have been three cases in the last six months. Health and Human Services and Child Protective Services will be bringing a presentation to the Board.

Supervisor Santiago announced that Tahoe Regional Planning Agency (TRPA) Governing Board met last week. The TRPA discussed the rolling out of the Regional Plan Implementation Committee and the Meyers Area Plan. This has a lot of support in the community, although there are some individuals that would like to put additional restrictions in the Plan. The TRPA was successful in obtaining Strategic Growth Council grants for the Tahoe Basin. They are now moving into round three of developing sustainability principals for environmental, economic and social sustainability. These principals are being implemented throughout the Basin in order to help the economy, environment and community.
