2016/2017 Fiscal Year End Implementation Plan Reports

Sheriff - Jackie Noren, Jail Captain gave the report on the Sheriff's Office highlights for 2016/2017 that included:

- * Crisis in Training (CIT) has been rolled out to the corrections staff at the Jails;*
- * Restoration of Competency (ROC) for misdemeanants is up and running successfully;*
- * Moral Reconation Therapy (MRT) is up and running in the Placerville Jail;*
- * A contract has been negotiated for computer tablets to be used for education, an "Earn to Learn" environment incentivizing the GED, Hearts, and ART Programs;*
- * In addition, Family Reunification and Pretrial programs have been started and continue to be refined;*
- * Lastly, El Dorado County was awarded a Jail expansion grant in 2016/2017. The expansion project will continue into the future years with an emphasis on increasing treatment and programming capacity, video visitation, video arraignment, and additional space for the new services.*

Probation - Gary Romanko, Deputy Chief Probation Office gave the report on the Probation highlights for 2016/2017 that included:

- * The implementation of the Risk and Responsivity model;*
- * Chemical Testing: Using a presumptive instant test cup that will test for 14 substances;*
- * Technology: AMS – Compliance Platform; state of the art data collection and analytical software module;*
- * Officer Training - Increased our in-house instructors and subject matter experts to maintaining the fidelity of our supervision practices, tools, and skills we use to affect change among our clients;*
- * Continued implementation and training to move from compliance centered approach to a behavior change approach with our clients.*

HHSA - Lori Walker CPA, Assistant Director of Administration & Finance gave the report on the HHSA highlights for 2016/2017. HHSA has been working on reviewing the Agency service delivery model as they work towards service integration. Organizational structure is changing to include an Adult and Senior System of Care, Children and Youth System of Care, Health and Education Programs, Self-Sufficiency and Community Support Programs, Administration and Finance and Performance Management. They have opted-in to the Drug Medi-Cal Organized Delivery System (DMC-ODS) Waiver for our Alcohol Drug Programs and recently submitted an implementation plan to the State. The Agency still struggles to keep staff in various classifications particularly social workers, eligibility staff and clinicians. Some issues are beyond the Agency's control as they relate to salary discussions.

Local Law Enforcement Enhancement MOU - Julie Wyatt, CCP Consultant reported for Placerville Police Department Lieutenant Kim Nida on the MOU highlights for 2016/2017. The Placerville Police Department is currently working with the newly created Probation's task force however; there was minimal activity in 2016/2017. Collaborative efforts to have a more focused presence in the community in the community will continue in the current year.

Public Defender - Tim Pappas, Assistant Public Defender gave the report on the Public Defender highlights for 2016/2017. Public Defender reports that the department is working with County Personnel on the best course of action to finalize a staffing plan for a Social Worker position as there is still a significant need within the Public Defender's clientele for that type of service.

Contingency Fund: There were no submissions to the contingency fund in 2016/2017.

El Dorado County Office of Education - Gary Sutherland, Principal Adult Education gave a presentation with a handout, highlighting all the services and clients served through the Jail and the Community Corrections Center for 2016/2017.

7. [17-1088](#) 2016/2017 Fiscal Year End Data Reports

Julie Wyatt CCP Consultant provided an update on the following data elements:

1.) Recidivism - there is a county integration team that continues to meet to address the data elements needed for the recidivism report based on the definition created May 24, 2016, by the CCP Executive Committee. The team is working to identify what data elements and capabilities are available from each department case management systems. The goal of the project is to create a criminal justice information system (CJIS) that would be able to report data across all aspects of the criminal justice system. The team consists of the following departments:

- * Sheriff*
- * District Attorney*
- * Probation*
- * County IT*
- * Court*

2.) The CCP defined and approved Outcome Measures for the community Corrections Partnership to be incorporated into the BSCC Community Corrections Partnership Survey. In 2016/2017, staffing changes provided the opportunity for review of policies, procedures, and quality assurance practices for the risk and needs assessment. Changes were drafted and further refinement continues as a high priority has been placed on accuracy, efficiency, and consistency. There were no outcome measures to report in 2016/2017.

3.) Integration Efforts - See Item #1.

4.) Population -- Probation provided a report on total active supervision cases as of October 2017 for Formal Probation, Post Release Community Supervision (PRCS), and Mandatory Supervision (1170(h)). Another handout was provided and discussed regarding Formal Probation sentencing terms from 2015 to 2017. The discussion centered on 3-year grants vs 5-year grants of Probation and the trend Probation is experiencing in grants exceeding 3-year terms.

Overall, data continues to be a struggle due to the lack of connectivity between the various criminal justice partners' case management systems. The County Integration Team is the vision and proposed solution to address timely and relevant criminal justice data for El Dorado County.
