Fiscal Impact/Change to Net County Cost: \$3,928 has been approved in the adopted budget for FY 06/07. Total contract amount, including the last two years, is \$10,746. There is no net County cost.

Background: The Public Health Department has contracted for maintenance and upgrade services with Dionex for over 2 years and has been able to negotiate a discounted price for these services in FY 06/07.

Reason for Recommendation: Because Dionex has provided these services to the Department in the past, it is recommended they be used for an additional year as provided for in the current contract. The amendment is retroactive to September 6, 2006 due to late receipt of signed documents from the vendor. The Department sent documents to the vendor for signature back on August 23rd. The vendor assured staff that they would be signed and returned promptly. Staff contacted the vendor 5 times to inquire about the status of those documents until they were finally received by the Department on December 4th. Staff believes that this delay was due to administrative difficulties stemming from organizational changes that Dionex was undertaking; several offices located at its corporate headquarters in Sunnyvale, California were being relocated to Chicago during this time.

Action to be taken following Board approval: Chairman to sign three (3) copies of attached amendment; Board Clerk's Office to forward two (2) fully executed documents to Department; Department to distribute copies to vendor and other appropriate parties.
