Public Health Department recommending Chairman be authorized to sign retroactive Amendment 2 to Agreement 347-PHD1203 with Digital Innovation, Inc. increasing compensation by \$4,500 and extending the term through February 16, 2008 to manage trauma patient information used by the Emergency Medical Services Agency of El Dorado County, Marshall Medical Center, and Barton Memorial Hospital.

FUNDING: County Service Areas 3 and 7.

BUDGET SUMMARY:		
Total Estimated Cost		\$4,500
Funding		
Budgeted	\$4,500	
New Funding	\$	
Savings	\$	
Other	\$	
Total Funding Available	\$4,500	
Change To Net County Cost		\$0

Fiscal Impact/Change to Net County Cost: \$4,500 for an additional year of licensing, upgrades, and telephone support for trauma registry software program. There is no net County cost.

Background: In 1997, the County's Emergency Medical Services Agency (EMSA) received a grant from the State Office of Emergency Services that enables the EMS Agency to analyze important data related to trauma patients who are transported to local hospitals, and to compare our statistics to those of other Counties. The software program that makes this possible is installed at Marshall, Barton, and at the EMS Agency in Placerville, and it helps the Department improve upon the services it offers to County residents.

Reason for Recommendation: With the recent changes made to EMSA (e.g., contracting out ambulance billing services to Wittman Enterprises), the Department was unsure that it needed to continue its contract with Digital Innovation, Inc. for another year. However, staff concluded that the County still had the responsibility to track patient trauma-related data and that it was necessary to continue licensing, upgrades, and telephone support for this program as provided by Digital Innovation, Inc.

This amendment is retroactive to February 17, 2007 due to additional Departmental review of the services provided, which was deemed necessary shortly before the contract expired.

Action to be taken following Board approval: Chair to sign 3 originals of attached Amendment; Board Clerk's Office to forward 2 signed documents to Public Health; Public Health to distribute as appropriate.
