DISCUSSION / BACKGROUND

The Chief Administrative Office, Parks Division, has agreed to provide funding to the Sheriff's Office HOT program to purchase a side-by-side vehicle to assist with its operations in the community. The funds being used for this purchase are from the Parks Department special revenue funds from vehicle license fees. A competitive solicitation will be conducted to purchase the vehicle.

Historically, the Sheriff's Office has had a need for this type of vehicle and even had access to one for a short time until it required maintenance above and beyond the vehicle's value.

HOT intends to use the vehicle to support primary functions, such as accessing homeless encampments in hard-to-reach areas, transporting support personnel in the field, transporting civilian ride-alongs, transporting arrests out of the field, towing in trailers for clean ups, and other duties from outreach, to education, to enforcement. HOT also intends to use this new vehicle to patrol the El

Dorado Trail, which has been impacted by illegal homeless encampments.
