Fiscal Impact/Change to Net County Cost

There is no Net County Cost associated with this revenue-generating fee-for-service Agreement.

Background

The County of El Dorado operates a Psychiatric Health Facility (PHF) that provides services in accordance with Title 9, California Code of Regulations Section 1810.236 - 1810.237. Several counties contract with the County of El Dorado for access to these services for their residents who require short-term inpatient mental health services on an "as requested" basis. These agreements with other counties provide revenue to offset the fixed operational costs (required staffing levels and facility costs) of the County's PHF.

In February 2013, a County of Siskiyou (Siskiyou) client was accepted on an emergency basis into the County's PHF. Siskiyou presented a contract for the required services in November 2013 and, since that time, the County of El Dorado has been negotiating terms and conditions with Siskiyou.

Both counties recently reached agreement on mutually acceptable language. The final Counsel-approved version is now being presented to the Board for approval.

Reason for Recommendation

Approval of this Agreement will establish the appropriate mechanisms to allow Siskiyou to pay for outstanding invoices for past use of the County's PHF and provide for future admissions through the term of the Agreement.

Clerk of the Board Follow Up Actions

- 2) Clerk of the Board to return all signed original Agreements to HHSA Contracts Unit at 3057 Briw Road, Suite A.
