DISCUSSION / BACKGROUND

At the request of the Department of Transportation (Transportation), Maintenance and Operations Division, it is necessary to purchase one (1) sweeper. This piece of heavy equipment is replacing existing equipment that is dated and will soon no longer meet Air Resources Board regulations. This piece of equipment is currently on the Fixed Asset List for Fiscal Year 2020-21 and was approved for purchase prior to final budget adoption in September at the June 9, 2020 Board meeting due to grant funds being utilized as a match.

The County Purchasing Ordinance, Section 3.12.160, describes exceptions that may be made to the

competitive bidding process. The purchase of the sweeper fixed asset falls under (D) of this section, which requires that the item may be procured from a vendor that has a contract with another public agency; that the contract was awarded utilizing a competitive bidding process substantially the same as the County's; and that the item and terms of the transaction are the same, or substantially the same. For this purchase, the Department is able to utilize the Sourcewell competitively-bid Contract 122017-TYM with Tymco of Waco, TX, for the purchase of one (1) sweeper.

ALTERNATIVES
The Board may elect to not approve the purchase of the fixed asset as proposed, although this would leave Transportation with inadequate equipment to efficiently perform road sweeping within the County.
