Chief Administrative Office and Auditor-Controller recommending the Board adopt Policy B-18, titled - Contract, Memoranda of Understanding, and Policy Exceptions, which would delegate authority the Chief Administrative Officer and the Auditor-Controller to resolve payments that are approved by a Department Head but do not comply with the procedural requirements of the relevant policies, contracts or Memoranda of Understanding.

FUNDING: All County Funds.

DISCUSSION / BACKGROUND

Under current policies and processes, when a Department Head authorizes payment for an expense that does not adhere to the specific procedural requirements of a policy, contract, Memoranda of Understanding, or other governing document, the Auditor-Controller is not permitted to pay the amount in question which results in delays and staff costs attempting to resolve the matter which may include requesting the Board of Supervisors to approve immaterial costs.

If this policy is approved, upon agreement from both the Chief Administrative Office and the Auditor-Controller, issues such as these can be resolved and allow payment for any amount not to exceed \$1,000 when in their combined judgment the cost of otherwise resolving the matter would be more expensive than authorizing payment. It is believed that this process will save the county money and therefore provide a public benefit.
