

Legislation Details (With Text)

File #: 19-1300 **Version:** 1

Type: Agenda Item **Status:** Approved

File created: 8/23/2019 **In control:** Board of Supervisors

On agenda: 11/19/2019 **Final action:** 11/19/2019

Title: Environmental Management Department recommending the Board consider the following:
 1) Approve Amendment I to Agreement 3088 with Clean Harbors Environmental Services, Inc. for the provision of household hazardous waste collection, processing, transportation, and disposal services in order to update the scope of work, update the rate schedule to include additional waste profiles, and include other minor administrative changes as necessary, with no change to the not-to-exceed amount or term of the Agreement; and
 2) Authorize the Purchasing Agent to sign Amendment I, as well as any future amendments that do not include changes to the not-to-exceed amount or term of the Agreement.

FUNDING: Non-General Fund / County Service Area No. 10 - Household Hazardous Waste funds.

Environmental Management Department recommending the Board consider the following:
 1) Approve Amendment I to Agreement 3088 with Clean Harbors Environmental Services, Inc. for the provision of household hazardous waste collection, processing, transportation, and disposal services in order to update the scope of work, update the rate schedule to include additional waste profiles, and include other minor administrative changes as necessary, with no change to the not-to-exceed amount or term of the Agreement; and
 2) Authorize the Purchasing Agent to sign Amendment I, as well as any future amendments that do not include changes to the not-to-exceed amount or term of the Agreement.

FUNDING: Non-General Fund / County Service Area No. 10 - Household Hazardous Waste funds.

DISCUSSION / BACKGROUND

In March of 2018, at the request of the Environmental Management Department (Environmental Management), the Chief Administrative Office, Procurement and Contracts Division, issued a Request for Proposal (RFP) for the provision of household hazardous waste (HHW) collection, transportation, processing, disposal, and other associated services. These services include the provision of all equipment, materials, personnel, and services necessary to collect, transport, process, and dispose of HHW from various permanent and temporary collection facilities throughout the County, and training covering the appropriate lab packing procedures, personal protective equipment, and transportation regulations for County staff assigned to the HHW program. All services provided are required to comply with current California Department of Toxic Substance Control, California State Division of Industrial Safety Orders and other requirements stipulated by Occupational Safety and Health Administration (OSHA), California Department of Transportation, and

any other applicable regulatory agencies.

On June 12, 2018 (Item No. 21, File No. 18-0814), the Board awarded RFP No. 18-961-044 for the aforementioned services to the successful proposer, Clean Harbors Environmental Services, Inc. (Clean Harbors), authorized Environmental Management to negotiate an agreement for these services with a term of three (3) years and a not-to-exceed amount of \$300,000, and authorized the Purchasing Agent to execute said agreement.

Following negotiations with Clean Harbors, Agreement for Services 3088 (Agreement) was executed on September 14, 2018 and Clean Harbors has been providing these services for the permanent HHW collection events at the Bass Lake Fire Station 86 in El Dorado Hills and a temporary HHW collection event in Camino. As these services have been provided, it was determined that changes would need to be made to the scope of work and Exhibit A, Disposal Costs, of the Agreement to better meet the current collection needs and requirements of Clean Harbors. Such changes proposed in Amendment I include, but are not limited to:

- Identifying specific collection details such as same day transportation, arrival times for Clean Harbors staff, and other minor changes to HHW event procedures;
- Clarifying specific Clean Harbors staff that are required for each HHW collection event;
- Adding additional waste profiles to better account for current HHW collected; and
- Authorizing future additional waste profiles be added to the Agreement without the need for an amendment, on an as-needed basis and subject to written approval by the Contract Administrator, or designee.

ALTERNATIVES

The Board may choose to deny the approval of this proposed Amendment I. This would inhibit Environmental Management's ability to secure these services from Clean Harbors or another contractor for residents of the County. Additionally, Environmental Management does not have the required staffing, licenses, permits, or transportation methods necessary to provide the services under this Agreement.

PRIOR BOARD ACTION

See Discussion/Background above.

OTHER DEPARTMENT / AGENCY INVOLVEMENT

County Counsel and Risk Management have approved the proposed Amendment I.

CAO RECOMMENDATION / COMMENTS

It is recommended that the Board approve this item.

FINANCIAL IMPACT

There is no change to Net County Cost associated with this item. The adopted Fiscal Year 2019-20 budget includes funding specifically budgeted under County Service Area No. 10 - Household Hazardous Waste funds for these services. Future budgets will also include funding for the remaining term of the Agreement.
