Hearing to consider adoption of Resolution superseding Resolution 287-2006 approving the Pioneer Fire Protection District Capital Improvement Plan and adopting Development Impact Fees. (Cont'd 3/3/09, Item 30)

Resolution 061-2009

FUNDING: Fire Impact Fees.

Fiscal Impact/Change to Net County Cost: There will be no impact to the General Fund. Fees are levied upon new development and are collected by the Development Services Department.

Background: Pursuant to California Government Code, El Dorado County Ordinance No. 3991, and the Policy and Procedures for Annual Approval and Authorization of Fire District Development Impact Fees adopted by your Board, the Pioneer Fire Protection District has submitted their Capital Improvement Plan (CIP) and request for development impact fees for County review and authorization. As a part of the County's review each district is required to submit, in addition to the CIP, a certified copy of the Districts' Resolution approving the CIP, request for development impact fees and a copy of the public notice as it appeared in the local newspaper. After reviewing the documentation submitted by each district, staff requests that the Planning Commission review the CIP for a "finding of consistency" with the General Plan. Upon such finding, staff then requests a public hearing with your Board for review and approval of the CIP and request for development impact fees. Upon approval the Development Services Department is notified and requested to collect the development impact fee for each building

permit issued within the boundaries of said district.

Reason for Recommendation: The Pioneer Fire District is requesting the Board review and authorize their Capital Improvement Plan and adopt the development impact fees as listed. The district is proposing an increase to their current fees of \$0.20 per square foot.

Current Fee	Fees per square foot
Residential, Commercial/Industrial, Institutional	\$0.66

Proposed Fee	Fees per square foot
Residential, Commercial/Industrial, Institutional	\$0.86

The Planning Commission has found the Plan to be consistent with the County General Plan. Fees were last increased September 12, 2006 by resolution 287-2006.

Action to be taken following Board approval:

1. The Board of Supervisors will approve and the Chairman will sign the Resolution approving the Pioneer Fire District Capital Improvement Plan and the Development Impact Fees as set forth in the Resolution.
2. The Clerk of the Board will provide three (3) certified copies of the Resolution to the Chief Administrative Office.
3. Chief Administrative Office staff will notify the Development Services Department-Building Division to continue collection of fees for the Pioneer Fire District as approved by the Board and to implement collection effective sixty (60) days from the adoption of this Resolution.
