DISCUSSION / BACKGROUND

As reported with the Mid-Year Budget Report (Legistar item 24-0319), the Assessor’s Office is requesting to upgrade the Placerville office lobby to increase the security of property information so it cannot be unintentionally disclosed to the public in the lobby. There is currently not a way to ensure that property information at employee workstations cannot be seen by the public when they enter the lobby of the Assessor’s Office in Placerville. To ensure this information is not unintentionally disclosed and increase the overall security of the Assessor’s Office in Placerville, the Assessor’s Office has worked with the Chief Administrative Office, Facilities Division to develop the proposed lobby improvement project. It is anticipated that these improvements will cost approximately \$45,000.

Staff are recommending that the Board approve a revised Facilities Capital Workplan that includes this project. The revised Workplan also includes the \$36,000 patio project at the Ponderosa Building. The Board approved a budget transfer for this project on March 5, 2024, with Legistar item 24-0212. Both projects are funded by the departments who will benefit from the project, Child Support Services

and the Assessor's Office.

Staff are also recommending that the Board approve a budget transfer. The Assessor's Office is projecting that Assessment and Tax Collection Fee Revenue in the Assessor's Office will exceed budgeted revenue by at least \$45,000. The budget transfer increases this revenue and transfers it to the ACO fund who will complete the lobby improvements.
