Chief Administrative Office recommending introduction of Ordinance amending Section 5.10.070 of Chapter 5.10 of Title 5 of the El Dorado County Ordinance Code regarding the vending license application process.

RECOMMENDED ACTION: Waive reading, read by title only and continue to **June 24, 2008** for adoption.

Fiscal Impact/Change to Net County Cost: None

Background: Title 5 of the El Dorado County Ordinance Code is entitled "Business Taxes, Licenses and Regulations". Chapter 5.10 of Title 5 is entitled "County Property Vending Licenses". The recommended ordinance would amend Section 5.10.070 Chapter 5.10, which is entitled "Vending License Application Process".

Reason for Recommendation: The current language in this section of the Ordinance Code requires the County to use the informal bidding procedures for public projects to solicit bids for vending operations on County property and to award the contract to the bidder proposing the highest license fee revenue. The use of a competitive process for awarding vendor license agreements helps to ensure the best value for the County; however, the public project informal bidding process applies to the construction, renovation, or alteration of a public facility, and is therefore not appropriate for the solicitation of vending operations.

The RFP process as defined in Board Policy C-17-Procurement, ensures competition yet provides flexibility for prospective vendors and the County. The proposed ordinance amends the requirement for competition to specify the use of the RFP process. In addition, it allows the Board to authorize an exemption to the requirement for use of a competitive process for a vending operation that is ancillary to a facility management agreement.

A copy of the ordinance showing the proposed changes is attached for your review.

Action to be taken following Board approval: The ordinance will be placed on the June 24, 2008 agenda for adoption, and will become effective 30 days after adoption.
