Total Funding Available		\$581,140.00

Fiscal Impact/Change to Net County Cost: No change to net County Cost. Increase in appropriations is offset by additional revenues from Federal and State revenues with County share of

cost (match) met with realignment funds.

*Realignment Fund Balance Transfer Breakdown:

17% County Share of Cost for IHSS Provider Payments	\$231,140
43% County Share of Cost for Foster Care	\$147,700

Reason for Recommendation:

In-Home Supportive Services and Foster Care are mandated entitlement programs. The Department's FY 2008-09 budget included appropriations based on prior experience and a reasonable anticipated caseload increase (approximately \$1.7M for IHSS provider payments and \$5.4M for Foster Care). Due at least in part to the current economic decline, the demand for services has increased approximately 30% over the past six months, far exceeding expectations. It is necessary at this time to increase the FY 2008-09 budget to adjust to year-end projections to cover the County share of cost of IHSS providers and the total cost of Foster Care. If demand for these mandated services continues to escalate, the Department will make adjustments to the FY 2009-10 County Budget during the Addenda process.
