Background: The month of May has historically been named Mental Health Month, both nationally and in the State of California. The Mental Health Department requests that the Board adopt the attached Proclamation declaring May, 2007 as Mental Health Month in the County of El Dorado.

Reason for Recommendation: Adoption of this Proclamation encourages all residents to better understand and appreciate the powerful role the brain and emotions play in our lives; and that persons with mental disabilities, as well as those who suffer acute emotional distress deserve our understanding, respect, compassion and support.
