Title: Department of Transportation recommending the Board:
 1) Find in accordance with Title 3, Chapter 3.13, Section 3.13.030 of the County Ordinance Code, Contracting Out, that due to the limited time frames, temporary or occasional nature, or schedule for the project or scope of work, the ongoing aggregate of as-needed brushing services work to be performed is not sufficient to warrant addition of permanent staff;
 2) Approve and authorize the Chair to sign the following on-call Construction Services Agreements with a not-to-exceed amount of \$750,000 and with a three (3) year term, to provide, on an as-needed basis, for brushing services within the right-of-way on County maintained roadways as well as County owned property:
 a) Agreement for Construction Services 6687 with Highground Excavating and Tree Service; and
 b) Agreement for Construction Services 6688 with West Coast Arborists.

FUNDING: Grant Funds, Local Discretionary (Tribe, Transit Occupancy Tax or General Fund), and SB1-RMRA (State).

DISCUSSION / BACKGROUND

Department of Transportation (Transportation) applied for a Calfire grant and was awarded funding to complete roadside brushing on designated roads throughout El Dorado County. In addition, Transportation has seen an increase in brushing requests while still performing brushing services in the beginning phases of SB1 projects. The work has continued to increase, staff levels have

remained the same and fire hazards continue to increase. Transportation determined it would be beneficial to complete a Request for Qualifications for on-call brushing agreements to supplement the work currently being performed by staff, to ensure grant deadlines are achieved, and attend to County owned property that staff are unable to address.

Selection Process

The Procurement and Contracts Division of the Chief Administrative Office completed an RFQ, #22-968-044, at the request of Transportation. The purpose of the RFQ was to pre-qualify contractors to provide brushing services on the West and East slopes of the County. Transportation evaluated and certified all proposals as meeting the qualifications for brushing services. Transportation then selected the top three contractors to provide brushing services for the next three (3) years. After the contract process began, only two (2) contractors provided information and were interested in a contract.

These two (2) requested Agreements will be considered on-call, which will allow Transportation to request proposals as needed from the contractors for each brushing project. Proposals from both contractors will ensure Transportation:

- 1) Obtains the best price for the brushing service requested; and/or
- 2) Secures the company with the resources available to complete the requested work within the needed time frame.

Temporary in Nature Finding

Transportation recommends the Board make findings in accordance with Title 3, Chapter 3.13 of the County Ordinance, Contracting Out, that due to the limited time frames, temporary or occasional nature, or schedule for the project or scope of work, the ongoing aggregate of work to be performed is not sufficient to warrant addition of permanent staff.

ALTERNATIVES

The Board could choose not to approve the Agreements; however, brushing to fulfill the grant and additional brushing requests would be placed on hold. Transportation staff would consider the Board's recommendations and return at a later date for approval.
