Fiscal Impact/Change to Net County Cost

The estimated annual costs for this position is \$165,000. Funding for the position will come from a variety of Health and Human Services funding sources, similar to how the Director is currently funded. There may be a slight increase in Net County Cost associated with the position in FY 2013-14. There are sufficient savings in FY 2012-13 to cover the estimated 3 month cost of \$55,000.

Background

The County has identified a need for strong fiscal and administrative management within the Health and Human Services Agency. This model mirrors the Community Development Model already approved by the Board.
