**File #:** 16-0004      **Version:** 1  
**Type:** Agenda Item      **Status:** Approved  
**File created:** 12/18/2015      **In control:** Board of Supervisors  
**On agenda:** 1/12/2016      **Final action:** 1/12/2016

**Title:** Chief Administrative Office, Facilities Division, recommending the Board consider the following:  
1) Make findings pursuant to Article II, Section 210b(6) of the El Dorado County Charter that the ongoing aggregate of the work performed under this Agreement is not sufficient to warrant the addition of permanent staff; and  
2) Authorize the Purchasing Agent, pursuant to County Counsel and Risk Management approval, to sign Amendment I to Agreement for Services 580-S1310 with Christenson Consulting, increasing compensation by \$78,400 for an amended not-to-exceed of \$139,400 and reducing the hourly rate from \$170 per hour to \$140 per hour for as-needed construction and development consulting services as related to the proposed Public Safety Facility.

FUNDING: Accumulative Capital Outlay Fund.

Chief Administrative Office, Facilities Division, recommending the Board consider the following:  
1) Make findings pursuant to Article II, Section 210b(6) of the El Dorado County Charter that the ongoing aggregate of the work performed under this Agreement is not sufficient to warrant the addition of permanent staff; and  
2) Authorize the Purchasing Agent, pursuant to County Counsel and Risk Management approval, to sign Amendment I to Agreement for Services 580-S1310 with Christenson Consulting, increasing compensation by \$78,400 for an amended not-to-exceed of \$139,400 and reducing the hourly rate from \$170 per hour to \$140 per hour for as-needed construction and development consulting services as related to the proposed Public Safety Facility.

**FUNDING:** Accumulative Capital Outlay Fund.

**DEPARTMENT RECOMMENDATION**

Chief Administrative Office, Facilities Division, recommending the Board make findings pursuant to Article II, Section 210b(6) of the El Dorado County Charter that the ongoing aggregate of the work performed under this Agreement is not sufficient to warrant the addition of permanent staff and Authorize the Purchasing Agent, pursuant to County Counsel and Risk Management approval, to sign Amendment I to Agreement for Services No. 580-S1310 with Christenson Consulting, increasing compensation by \$78,400 for an amended not-to-exceed of \$139,400 and reducing the hourly rate from \$170 per hour to \$140 per hour for as-needed construction and development consulting services as related to the proposed Public Safety Facility.

**DISCUSSION / BACKGROUND**

In May 2013 the Division sought out a consulting firm to assist with construction and real estate development tasks for the Public Safety Facility on an as-requested basis. The firm of Christenson Consulting was chosen based on experience and value. Services for the County have included strategic planning, risk management, site analysis, cost reporting, conceptual estimating, scheduling, forecasting, project review, bid review, lease proposal review, request for qualification (RFQ) and request for proposal (RFP) reviews, creating manuals, coordination and assembly of performance specifications, presentations and report generation. During the course of this agreement, the efforts of Christenson Consulting have been focused on work related to the proposed Public Safety Facility and the expertise has been instrumental regarding the site selection, California Environmental Quality Act (CEQA) requirements, and coordination of other consultants and County staff.

With the recent loss of the Division's Senior Project Manager, who was managing the Public Safety Facility project, the expertise of Christenson Consulting has been very valuable to the Division as we've not lost a significant amount of project continuity and time. In recognition of the increased scope of work and hours, the consultant has discounted the fee structure. With the proposed property in escrow, there are many pre-construction, environmental review and other associated tasks that need to be addressed. Some of the immediate work involving Christenson Consulting concerns coordination with the design criteria consultant and the Sheriff's operations, completion of the work required for the Environmental Impact Report along with Board acceptance, study of feasibility of installation of adjacent Solar facility, and assistance in preparation of required documentation for future financing methodology.

#### **ALTERNATIVES**

The alternative would be to not approve the Amendment and the Division would need to seek a different consultant. Christenson Consulting has already gained extensive knowledge concerning this project and seeking a different consultant at this point to assist with this task would most likely result in an increase in project costs and time as a new firm would be unfamiliar. With the property currently in escrow, time is of the essence.
