DEPARTMENT RECOMMENDATION:

Sheriff's Office recommends the approval and signing of this Agreement #002-S1711.

DISCUSSION / BACKGROUND:

When the El Dorado County Sheriff's Office investigates a homicide, a suspicious death, or a death from Sudden Infant Death Syndrome, an autopsy needs to be conducted by a certified forensic pathologist in order to have credible evidence for a court proceeding or to comply with state protocols. El Dorado County does not employ a certified forensic pathologist, and as a result, the Sheriff's Office has historically contracted with Sacramento County for these services. The Sheriff's Office is increasing the not to exceed amount by \$30,000, compared to previous contracts to ensure that enough funding is available in the agreement to cover the costs. In looking at the statistics going back to 2011, there has been an increase in suspicious deaths in El Dorado County that require autopsies to be performed by the Sacramento County Coroner's Office.

The current contract with Sacramento County for these services expires on June 30, 2016.
