DISCUSSION / BACKGROUND

Karpel Solutions currently provides Case Management software to the District Attorney's Office. Upon execution of this agreement, Karpel will also provide the migration and set up services for the District Attorney's Office transition from G-Suite to M365, as well as the necessary M365 Licenses.

Per County Policy C-17, Departments must obtain authorization from the Board of Supervisors initially, and on an annual basis, to utilize any contract that does not have a stated contract term. Due to the license's perpetual nature, this agreement requires Board approval. Using Karpel as the migration vendor will allow for integration between M365 and the Case Management software.

ALTERNATIVES

The Board could choose to not approve this purchase contract, and the DA would need to find another contractor to facilitate the migration to M365.
