DISCUSSION / BACKGROUND

On September 3, 2021, Save the County and Ruth Michelson formally filed an appeal of the Planning Commission's approval of Serrano Village A-14 project on August 26, 2021. The appellants contend that the Planning Commission formally denied the project on July 22nd and therefore, the subsequent meetings and eventual project approval rendered on August 26th should not have occurred.

Specifically, the appellant argues that the approval of the project's modified residential development standards (e.g. reduced residential lot size, setbacks, and driveway lengths) would result in public safety concerns and, therefore, the approval is inconsistent with the General Plan, Zoning Ordinance, and the California Environmental Quality Act (CEQA). The appellants also allege that the project approval was not properly conducted in accordance with the Ralph C. Brown Act.

Staff's response to the appeal and conclusions are detailed in the memorandum attached as Attachment A.

ALTERNATIVES

As an alternative to denying the appeal and upholding the Planning Commission approval, the Board may elect to take additional actions including the following:

- 1) Approve the appeal and deny the project, reversing the Planning Commission approval of Planned Development PD08-0004 and Tentative Subdivision Map TM08-1464 (Serrano Village A14), and approve Findings for Denial as previously submitted by staff for the Planning Commission meeting on August 12th; or

2) Remand the project to the Planning Commission for further review of specified Findings, Conditions of Approval, Design Waiver modifications, or modified Development Standards of the Single-Unit (R1) Residential Zone District as may be determined by the Board of Supervisors.
