New Funding	\$	
Savings	\$	
Other	\$	
Total Funding Available	\$	
Change To Net County Cost		\$0.00

Fiscal Impact/Change to Net County Cost:

There is no Fiscal Impact associated with this item. There is no cost to the County General Fund.

Reason for Recommendation:

The Contract for the Cambridge Road/Merrychase Drive/US 50 Westbound Ramps Intersection Improvements Project (Project) at the intersection of Cambridge Road and Merrychase Drive was executed by the Board on May 16, 2006. The Project was substantially completed on January 19, 2007. Negotiations between Granite Construction Company and the Department of Transportation regarding cost data for extra work billings has delayed the submittal of extra work bills and subsequently has also delayed the execution of the Final Estimate and the Notice of Completion by several months.

The Board actions above will start legal time frames for guarantees, a lien period, and return of retention monies. Granite Construction Company acceptance of the final Contract cost is attached and summarized below:

Original Bid Price	\$836,514.00
Construction Contract Item Cost	\$848,899.40
Contract Change Orders	\$ 59,706.72
<b>Final Cost of Construction</b>	<b>\$908,606.12</b>

Major Contract Change Orders on this Project dealt with traffic control, erosion control, removal of unsuitable subgrade material, and changes in pavement reinforcing fabric.

Action to be taken following Board approval:

- 1) The Chairman will sign the Notice of Completion.
- 2) The Board Clerk will send the Notice of Completion to the Recorder's Office for recordation and forward a copy of the recorded Notice of Completion to the Department of Transportation.
