Planning and Building Department, with concurrence from the Chief Administrative Office and pursuant to Board of Supervisors Policy B-2, Section II, B(3), recommending the Board approve a waiver of applicable Building and Planning permit review fees in the amount of \$3,656.55 requested by the Cameron Park Community Services District Fire Department to construct a Training Tower located at 3200 County Club Drive, in Cameron Park, Board of Supervisors District II (Attachment A).

FUNDING: General Fund.

DISCUSSION / BACKGROUND

The Cameron Park CSD Fire Department is proposing to construct a four-story fire training facility and tower for the purposes of training exercises for both the Cameron Park Fire Department and other outside agencies to advance training in areas such as large area search and rescue, fire control training, multistory and commercial structure firefighting tactics, firefighter survival and escape tactics, and high angle rescue training. The proposed tower will be located at Fire Station 89 on the eastern portion of the parcel located at 3200 County Club Drive, in Cameron Park.

Total estimated fees for the proposed project are \$3,871.88 (Attachment B). Policy B-2, Fee Waivers, does not apply to the State mandated fees (SIMP and Green fees), which are estimated to total \$73.67. Additional fees not recommended to be waived include the County’s Technology Fee and the General Plan Implementation Fee, which are estimated to total \$141.66. These fees are not recommended to be waived because they are nominal on a project level, and their accumulated collection from all projects is essential to broader County operations. As such, the Department, with concurrence of the Chief Administrative Office, is recommending the Board consider waiving the remaining \$3,656.55 in fees, as the proposed project will provide a substantial public benefit based on the nature of the project and public safety derived from this firefighter training facility, pursuant to

Section II, B(3) of the Policy (Attachment C).

ALTERNATIVES

Your Board could choose not to approve the fee waiver request.

PRIOR BOARD ACTION

N/A

OTHER DEPARTMENT / AGENCY INVOLVEMENT

N/A

CAO RECOMMENDATION / COMMENTS

Approve as recommended.

FINANCIAL IMPACT

These services are typically paid by the Applicant. Approval of the fee waiver in the amount of \$3656.55, would require the use of General Fund to pay for the Planning and Building staff time and materials associated with the plan review for the proposed project.
