Fiscal Impact/Change to Net County Cost: No impact

Background: Over the past year, the County has engaged in discussions with the City of South Lake Tahoe and South Lake Tahoe Unified School District regarding the issue of occupying a joint-use facility in the Tahoe basin and co-locating services in conjunction with the City of South Lake Tahoe and the South Lake Tahoe Unified School District.

Reason for Recommendation: The County is interested in continuing that dialogue with the interested parties. The County has determined that given its present needs it could occupy approximately 10,000 square feet of such a facility. The County continues to evaluate the most efficient and economical use of such space. The County presently envisions that permitting and land use offices (i.e. Recorder, Assessor, Transportation, and Environmental Management) would be the most appropriate for such a facility and would offer the greatest synergy to the joint use concept.

Supervisor Santiago, District V will continue to serve as the lead in these discussions with the assistance of Jim Wiltshire in the Chief Administrative Office.

Action to be taken following Board approval: Board chair to sign the letter of intent and Board clerk to forward signed copy to the Chief Administrative Office.
