PRESENTATION by Jim Wiltshire from California State Association of Counties to provide a Capitol Update and review of California State Association of Counties Programs and Services. (Est. Time: 30 Min.)

The California State Association of Counties (CSAC) will provide a "CSAC Update" purpose of providing updates on such items as the 8th Extraordinary Session on the Budget, County Government Month and new communication tools to be utilized by CSAC in addition to other items of interest to counties.

This personal interaction promotes direct communication between the Association and our membership as we confront the fiscal challenges facing the State of California and county government. It also provides an opportunity for CSAC staff to observe the business of board meetings first-hand to gain a better understanding of county operations. CSAC looks forward to utilizing these county visits to better serve your needs in the future.
