### Fiscal Impact/Change to Net County Cost

None. These debts have not been factored into the County budget.

### Background

Based on discussions between the Superior Court and the Revenue Recovery Division, it has been determined that either the cost of collections is greater than the debt, the defendant cannot be located or the court case file cannot be located.

### Reason for Recommendation

The Courts and Revenue Recovery have developed procedures for discharging debts based on guidelines provided by the Administrative Office of the Courts (AOC). The procedures require approval by the Court Executive Committee and approval by the Board of Supervisors to discharge the uncollectable debts. The Collection committee, comprised of the Court, Revenue Recovery and Probation recommend the discharge and dismissal of the debts included on the attached Discharge of Accountability Report. This recommendation has been approved by the Court Executive Committee. Board of Supervisor approval is now needed.

This item is being brought before the Board of Supervisors pursuant to Government Code sections 25257 - 25259 which states, "...the likelihood of collection does not warrant the expense involved...".

### Action(s) to be taken following Board approval

The Board of Supervisors approve the discharge and dismissal of the debts on the Discharge of Accountability Report.
