Background:

Over the last several years the probation profession has been progressing towards evidence based practices (EBP) as the standard for programs and services. The Probation Department has engaged the services of Northpointe for the adult risk/needs assessments using COMPAS to meet state requirements for the implementation of EBP. The Probation Department is now in the process of implementing EBP for the juvenile probation population as mandated by the juvenile court. Northpointe's COMPAS Youth module is an evidence based assessment tool specific for juvenile delinquents. COMPAS Youth meets the stated desire of the juvenile court to refer juvenile offenders to appropriate services based on EBP.

Reason for Recommendation:

COMPAS Youth is recommended as an appropriate EBP assessment tool to complement the current EBP program being used by the Probation Department for assessing the adult probation population.

Action to be taken following Board approval:

1. Chair shall sign two originals of Agreement 180-S1110, AMDT III
2. Clerk of the Board shall return one original Agreement to Probation for distribution to Northpointe, Inc.
3. Probation shall forward the original to Northpointe, Inc. with a copy of the executed agreement forwarded to Procurements and Contracts.
